### ABOUT US

### **Leatherhead Tools' Story**

In late 2006 and early 2007, we started visiting firehouses in the Rockford Metro area and realized that there were many firefighters and departments seeking innovative products at a better price. After consulting with many of the area firefighters, we decided that they could bring value to this neglected market through high quality tools manufactured and assembled in the USA. In less that one year's time, we developed a full line of Fire and Rescue products including: axes, sledges, hooks and forcible entry tools and were ready to hit the main stream. When looking for a name to embody our new line, **LEATHERHEAD TOOLS®** was born. This name encompasses the toughness and durability that represents these tools today.

LEATHERHEAD TOOLS is a fire and rescue services leading manufacturer of aggressive axes, sledges, hooks, and forcible entry tools. Our tool line is engineered for the most extreme fire and rescue environments. LEATHERHEAD TOOLS is dedicated to listening and learning from firefighters and rescue personnel all over the world in building these products.

All products are proudly MADE in the USA!

- ▶ Handle construction is a strong pultruded fiberglass core with injection molded jacket for added strength
- ▶ The jacket is a superior engineered polymer for added strength that is non-conductive and non-corrosive
- Fiberglass handles resist extreme weather conditions
- Fiberglass handles do not conduct electricity or break like wood handles

### Hydrant / Snow Poles

- Made in the USA
- Fiberglass Hydrant Markers resist extreme weather conditions
- Highly visible markers are easy to spot in bad weather
- ▶ Use these markers with CAUTION tape to section off hazardous areas

### Straps

- ▶ Made in the USA with 100% American materials and craftsmanship
- ▶ Velcro Marry Strap firmly holds "IRONS" and other tool combos together for safe handling
- ▶ Heavy-duty 2" wide x 4' long adjustable shoulder strap attaches to NY Hooks for safe transport

**WARRANTY** - All Leatherhead Tools products having passed a rigid factory inspection are warranted against defects in materials and workmanship. Any Leatherhead Tools product that is abused, or used for purposes other than those for which the tool was designed, is excluded from this warranty. If a Leatherhead Tools product appears to be below our manufacturing standards, it may be returned to the factory.

If the factory inspection determines that the tool is within this warranty, the tool will be repaired or replaced without charge.

ALWAYS WEAR SAFETY EQUIPMENT WHEN WORKING WITH TOOLS!
